Hi all,

Our partner IDG China is hosting the Canton Tower Science & Technology Conference 2019 in Guangzhou from Oct 11 to 12. More details please see attachment. Todd Rufo represented San Francisco and attended the same one in 2017. They also signed an MOU from that conference.

We were wondering if you would like to attend for this year? They haven't confirmed for the hotel and airfare sponsorship yet. If you are interested, I will talk to them and coordinate. Please let me know. Thanks greatly!

Best,
Leanne Lee Wang | Deputy Director
